Sir:

In reply to the Restriction Requirement dated September 2, 2004, Applicants elect with traverse Group I, which includes claims 41-77 and 80 and is drawn to a method of forming a coated optical element and ophthalmic lens, for examination at this time. The claims of Group II are believed to be related to a single inventive concept and, therefore, properly examinable with Group I since they all depend from independent claim 41.

Favorable action on the merits is respectfully requested.

Respectfully submitted,

BURNS, DOANE, SWECKER & MATHIS, L.L.P.
